If play was stopped for:	Committed by whom?	Committed where?	While the ball is ...	Restart and Location
Foul	CAN ONLY BE COMMITTED BY A PLAYER!!!!!!	ON the field of play	In play	DFK or IFK to opponent at point of the foul (or PK)
Misconduct	Player	ON the field of play	In play	IFK to opponent at the location of the misconduct
Misconduct	Substitute or substituted player	ON the field of play	In play	IFK to opponent at the location where the ball was when play was stopped
Misconduct	Player, substitute or substituted player	OFF the field of play	In play	Dropped ball at the location where the ball was when play was stopped
Some other reason, and misconduct occurs while play is stopped	Player, substitute or substituted player	Anywhere	Out of play	Proper restart for the original stoppage of play

A "Player" is one of the 11 team members who is currently "in the game"

A "Substitute" is a team member on the bench who has not yet entered the game.

A "Substituted Player" is a team member who was in the game and was replaced by a substitute

For purposes of fouls and misconduct, rules are the same for substitutes and substituted players
